## **PARTNERCARE ANNOUNCES AFFILIATION WITH COMPREHENSIVE PAIN CONSULTANTS OF THE CAROLINAS**

**ASHEVILLE, N.C.** — PartnerCare, a portfolio company of private equity firm Shore Capital Partners, announces its affiliation with Comprehensive Pain Consultants of the Carolinas. Comprehensive Pain Consultants, headquartered in Asheville, N.C., offers specialized pain management for patients across the Western North Carolina region. Individuals bearing the physical and emotional burden of chronic or debilitating pain can find personalized pain management plans to improve their quality of life.

It is the mission of Comprehensive Pain Consultants to help patients navigate the complicated journey of pain. The physicians and team members at Comprehensive Pain Consultants strive to address pain at its source and are dedicated to treating the underlying cause of pain rather than just the symptoms. The goal of the practice is to improve patients' quality of life with individualized treatment plans and minimally invasive techniques.

PartnerCare will continue to expand across the region and marketplace by investing in people and providing operational, financial, and information technology (IT) support to affiliated practices while establishing a solid corporate culture, allowing physicians to focus on clinical excellence and serve patients in their respective communities. PartnerCare will pursue affiliations with independent, interventional pain management and musculoskeletal practices to build a premier network of health care team members and affiliates.

"I couldn't be more excited to see our team growing again. We are fortunate to welcome Comprehensive Pain Consultants' patient-focused, dedicated team of specialists and care providers to the PartnerCare family," shared Chief Executive Officer of PartnerCare Eric Worthan.
